| 4. Appropriateness for the Shapedown BC Program | | | | |
| Entry into the program is considered not only along medical parameters, but the following must also be met: | | | | |
| Participation requires that the patient and parents attend and be: 1. motivated and ready to make change 2. prepared to attend ongoing sessions 3. willing and able to complete homework assignments regularly | | | | |
| 5. Please help us to assess whether this patient and their family are suitable for the Shapedown BC Program by completing the following questions: | | | | |
| Are there issues that might impede this child's ability to benefit from a psycho-educational <i>group</i> intervention (e.g., learning/cognitive difficulties, behavioural problems, social-emotional or psychiatric concerns)? | | | | |
| □ No □ Yes (Please describe): | | | | |
| Are there any other significant stressors affecting this child/family (e.g., recent family separation, parental psychopathology, severe inter-parental conflict)? | | | | |
| ☐ No ☐ Yes (Please describe): | | | | |
| Has the family expressed interest in being referred for further assessment and assistance including nutrition and lifestyle counseling? No Yes (Please explain): | | | | |
| ➤ The family speaks which of the following languages (check all applicable): ☐ English ☐ Cantonese ☐ Mandarin (Others): | | | | |
| 6. Additional Comments - We value any further insight you may have into this patient's weight problem. | | | | |
